

The Thomas Chiang SFPE Memorial Bursary has been awarded to Aaron D. Shaubel on Tuesday, March 27th, 2007. The first Thomas Chiang SFPE Memorial Bursary was presented to Aaron by Anthony Van Odyk on behalf of the SFPE Southern Ontario Chapter. The Chapter had decided to “top up” the bursary amount to make it more meaningful.

Aaron graduated from High School in Hamilton, where he won an Automotive Award.

Aaron has completed the Fire Protection Technology Diploma with Honours at Seneca College this past year and will be completing his Bachelor of Science - Fire & Safety Engineering Technology through the University of Cincinnati in 2008. He has enjoyed most of his Fire Protection Engineering courses, especially Project Management, Fire Modeling and Fire Dynamics.

Aaron will be an asset to any organization and has been considering various career options including Insurance and Risk Management (preferably in Canada). To discuss opportunities with Aaron, please contact him at: adshaube@learn.senecac.on.ca.

The Thomas Chiang SFPE Memorial Bursary has been awarded to Ryan Dunn on Wednesday, March 19th, 2008. Cecilia Chiang, on behalf of the SFPE Southern Ontario Chapter, presented this Second of two Thomas Chiang SFPE Memorial Bursaries to Ryan.

Ryan graduated from High School in Brampton. Ryan is completing the Fire Protection Technology Diploma at Seneca College this year. He has excelled in most of his Fire Protection Engineering courses, especially Codes, Performance Based Codes and Fire Investigation

Ryan will be an asset to any organization and has been considering various career options.

To discuss opportunities with Ryan, please contact him at: radunn@learn.senecac.on.ca

The Thomas Chiang SFPE Memorial Bursary has been awarded to Yong Wang on Wednesday, March 19th, 2008. Cecilia Chiang, on behalf of the SFPE Southern Ontario Chapter, presented this second of two Thomas Chiang SFPE Memorial Bursaries to Yong.

Yong is from Chilliwack, BC. Yong has completing the Fire Protection Technology Diploma with Honours at Seneca College this year. He has excelled in most of his Fire Protection Engineering courses, especially Codes, and Fire Modeling and Project Management

Yong will be an asset to any organization. Yong can be contacted at:
ywang194@learn.senecac.on.ca.
