EVENT NOTICE

DATE: **Tuesday, October 14th, 2014**

SPEAKERS: **Stuart Brown**
Fire Protection Specialist
Hilti Canada Corp

Stuart's 25 year career in the construction industry includes: commercial and residential contracting and commercial insulation, firestopping and fireproofing. He educates and provides consultation on firestopping to the trades and engineering communities and actively promotes safe and compliant firestop practices throughout the construction industry.

Paul Goostrey
President
ON-CITE Solutions Ltd.

Paul has spent over 20 years in the wireless telecommunications industry and has been involved with New York city's wireless deployment for Omnipoint (now T-Mobile), Caribbean wireless projects and product development with Nokia. He created ON-CITE Solutions Ltd. in 2005 to offer installation and restoration services to the wired and wireless telecommunications industry.

SYNOPSIS: **Firestop Installation and Challenges**

The presentation will concentrate on Curtain Wall Firestopping techniques and options, limitations of the current ULC standards and Engineering Judgment solutions. Jobsite Inspection Guidelines, The Perfect Firestop Process and the role of Firestop Contractors in the future of compliant construction will also be discussed. Attendees should expect to better understand firestop theory and techniques through an open discussion of current issues and opportunities.
